India, Sagar, chandouni, 470125 

PROFESSIONAL SUMMARY

I specialize in Frontend Development, adept at utilizing HTML, CSS, and JavaScript to create intuitive user interfaces. With a focus on user experience, I meticulously craft designs that are visually appealing and seamlessly functional. Constantly staying abreast of industry trends and emerging technologies, I am committed to refining my skills and adapting to new challenges.

In team settings, I thrive, bringing a collaborative spirit and a drive for innovation. I am eager to contribute my passion and expertise to dynamic projects, aiming to make a meaningful impact in the field of frontend development. Excited for the opportunity to continue growing professionally and shaping the future of user-centric web experiences.
